THEORY OF CHANGE

Making Aid Work for Displaced Women

Activities

- Multiple research methods
- Community consultations
- Policy workshops
- Developing a guidance note and minimum standards
- Training for humanitarian actors

Outputs

- Co-produced evidence on the role of Islamic philanthropy in supporting displaced women
- A theological framework for protection of displaced women
- Improved understanding of what works in Islamic philanthropy for women

Outcomes

- Improved engagement
 with emerging humanitarian
 actors to advance displaced
 women's protection and
 inclusion
- Increased advocacy capacity of diverse actors to mobilise support for women on the move
- Informed inclusive models of Islamic philanthropy
- Progress toward a more inclusive humanitarian policy and practice

Impact

A life-saving integrated aid for women in displacement.
